Here are top five reasons why IAPP certification is sure to advance your organization.

- The CIPP is the global industry standard for professionals entering and working in the field of privacy.
- Achieving a CIPP/E credential demonstrates understanding of a principles-based framework and knowledge base in information privacy within the European context, including critical topics like the EU-U.S. Privacy Shield and GDPR (including Mandatory DPOs).
- You'll be recognized as part of an elite group of knowledgeable, capable and dedicated privacy and data protection practitioners.
- Holding a CIPP/E designation elevates your leadership profile among your colleagues.
- The CIPP/E is a key benchmark among top employers for hiring and promoting privacy professionals.

You get:

Official courseware
One year IAPP membership
Certification exam voucher
Course delivery by an accredited trainer.

www.grcmentor.com/cipp

The CIPP/E relates to the knowledge a DPO must have concerning the European legal framework of the legislation.

What you will learn?

- Introduction to European Data Protection Regulation
- European Regulatory Institutions
- Legislative Framework
- Compliance with European Data Protection Law and Regulation
- International Data Transfers

Achieving a CIPP/E credential shows you have the comprehensive GDPR knowledge, perspective and understanding to ensure compliance and data protection success in Europe and to take advantage of the career opportunity this sweeping legislation represents.
